»Gain a decisive competitive advantage with BERTSCHfoodtec«

Only with innovative, process optimised and tailor-made equipment you can run your plant at highest efficiency levels. Through tailored solutions and experienced service personnel we guarantee you a competitive advantage.

» From the first basic concept to the completion – 6 steps to your dairy

A competent design is the base for a successful project implementation. With years of experience and detailed knowledge of the dairy industry, we assist you in all phases of the project.

» Quality is our tradition

»Tailor-made dairy plants for **optimal production processes**«

Since BERTSCHfoodtec was founded in 1925, we are closely working with the dairy industry. Today, the once small coppersmith, is your international partner for dairy plants. Our services reach from technological consulting to development, manufacturing, assembly and worldwide service.

Dairy products, a highly sensible natural product, demands highest hygienic standards and gentle handling throughout the production process. Within our company, we take responsibility for quality, only highly trained and experienced engineers are working on your project. With continuous support from the first consulting to commissioning and throughout years of operation, we live up to the highest standard.

» BERTSCHfoodtec – your partner for dairies

- » Uncompromising quality
- » Innovative technology
- » Perfectly hygienic solutions
- » Tailor-made solutions for your dairy
- » Years of experience and expertise
